

2000cc Championship – Technical Bulletin No. 1

The following amendment to the “2000cc Technical Regulations” is approved by the Bahrain Motor Federation as of 26th September, 2007.

The full text of the regulations will also be amended accordingly.

To be amended:

Old/deleted text
New text

- 6.1.2 **Interior:** interior trim (carpeting, ~~door panels~~, headliners, etc.) must be removed. Driver's seat must be replaced with an FIA approved bucket seat. Passenger and rear seats must be removed. If inner door trim panels are removed, the inside of the door must be neatly covered with solid sheets. The driver's door window must remain operable by the driver whilst normally seated or, if plastic windows are fitted, must contain an aperture that enables the driver to make hand signals. Instruments may be changed or added to. An interior rear view mirror must be fitted to the right of the driver (or left if the car is right hand drive).
- 6.10.1 **Specifications:** ~~All tires compounds are allowed.~~ Only tires listed in Appendix A of the regulations may be used. Drivers should present the set(s) of tires to be used to Scrutineers prior to start of initial practice session. Drivers are permitted to use ONE set of marked tires during the qualifying session and races. Exceptions for damaged tires will be at the discretion of Scrutineers.
-

To be added:

Appendix A - Tires allowed for use in 2000cc Championship

The following list is maintained by the Circuit Racing Club.
Competitors are advised to seek approval from the club prior to using any tire not on this list.
